

Ostendo CRVD gaming monitor

26/11/2009 09:19 by admin

The Ostendo CRVD gaming monitor will take you to the next level of gaming experience. The show features a huge 43-inch curved screen with a resolution of 2880 x 900 pixels. It also adopts the latest LED technology to deliver bright and accurate colors, and a super quick response time of less than .02 milliseconds, so there is no ghosting in videos and animations. Additionally, the CRVD's ultra-wide 32:10 aspect ratio is 180% wider than 16:9 displays and 240% wider than 4:3 displays. The Ostendo CRVD retails for a hefty \$6499. Watch the video after the jump.
